

The background is a solid yellow color. There are four stylized starburst or sunburst patterns. Each pattern consists of numerous thin, elongated rectangular rays radiating from a central point. The rays are colored in alternating red and black. The starbursts are located in the top-left, top-right, bottom-left, and bottom-right corners of the page. The text 'ALPHA '68' is centered horizontally in the middle of the page, overlapping the starburst patterns.

## *"The Good Old Days"*

To those who long for the "wondrous days of old" we offer a job description of a bedside nurse in an American hospital of 1887.

"In addition to caring for your 50 patients, each bedside nurse will follow these regulations:

1. Daily sweep and mop the floors of your ward, dust the patient's furniture and window sills.

2. Maintain an even temperature in your ward by bringing in a scuttle of coal for the day's business.

3. Light is important to observe the patient's condition. Therefore, each day fill kerosene lamps, clean chimneys, and trim wicks. Wash the windows once a week.

4. The nurse's notes are important in aiding the physician's work. Make your pens carefully. You may whittle nibs to your individual taste.

5. Each nurse on day duty will report every day at 7 a.m. and leave at 8 p.m. except on the Sabbath on which day you will be off from 12 noon to 2 p.m.

6. Graduate nurses in good standing with the director of nurses will be given an evening off each week for courting purposes, or two evenings a week if you go regularly to church.

7. Each nurse should lay aside a goodly sum of her earnings for her benefits during her declining years, so that she will not become a burden. For example, if you earn \$30 a month, you should set aside \$15.

8. Any nurse who smokes, uses liquor in any form, gets her hair done at a beauty shop, or frequents dance halls will give the director of nursing good reason to suspect her worth and integrity.

*Presbyterian Hospital, West Congress near  
So. Wood Sts., Chicago.*

9. The nurse who performs her labors, serves her patients and doctors faithfully and without fault for a period of five years will be given an increase by the hospital administration of five cents a day providing there are no hospital debts that are outstanding."

A black and white photograph of a modern outdoor residence. In the foreground, a paved patio area features a wooden picnic table and two chairs. To the right, a single wooden chair is positioned. In the background, a stone retaining wall separates the patio from a lush, overgrown garden. A large tree is on the left, and a building with a balcony is visible in the upper right. The word "RESIDENCE" is overlaid in large, bold, black capital letters at the bottom center.

"Just wrap me up and send me home!"

"To think I almost got up early to go to work—and today is Saturday!"

"Would you believe that my care study is due tomorrow?"

Not as easy as it looks, is it?

This will just be a f-i-v-e minute study break!

"Imagine seeing you here!"

"Double trouble!"
